Scarborough, Ontario welcomes another Burger King!

Redberry Restaurants Opens Thirteenth of Sixteen New Burger King Restaurants planned for 2021.

TORONTO, December 23, 2021 - Redberry Restaurants ("Redberry") announces the opening of the newest Burger King restaurant located at 2130 Morningside Ave in Toronto, Ontario. Redberry currently owns and operates five Burger King's in Scarborough, and this new restaurant will be the sixth location serving customers in the established northeast end of Scarborough with the flame-grilled taste of the iconic Whopper® sandwich. In addition, this restaurant will provide delivery services through UberEats, DoorDash, and Skip the Dishes.

"The proposed site is part of a new build plaza anchored by a SHELL gas bar and other quick service and general retail," said Chris Racine, SVP Operations & Development, Redberry Restaurants. "The opening of this new restaurant aligns with Redberry's expansion plans for growing the brand by adding 168 new locations within the next few years."

Sharron Fry, Director of Marketing at Redberry Restaurants commented, "We're excited to open this newest Redberry owned and operated Burger King restaurant located in one of the largest urban Toronto neighbourhoods. Additionally, the restaurant is surrounded by a densely established residential neighbourhood that will have easy access to the iconic Whopper® sandwich through delivery services or by coming into the restaurant. This brings new job opportunities and economic development to the Scarborough area. We thank everyone for welcoming our Burger King into Scarborough's growing community."

The opening of this latest restaurant brings Redberry's Burger King restaurant count to 124 units, with plans actively underway to open an additional 3 units this year. These rapid expansion plans align with the Area Development Agreement to build more than 168 new Burger King restaurants in the next few years, and remodel more than 60 restaurants in the current Burger King portfolio. Redberry Restaurants aims to generate more than 4,000 new employment opportunities to support these significant build-out plans.
